

University:

Year Twelve: Teesside University Summer Schools

Between 10 July and 13 July, Teesside are holding a Year Twelve Summer School, which should provide a great opportunity to explore what life is like as a university student, the variety of subjects you can study at university, the key skills required for university study, and what a university campus is really like. Students will stay in the university's new halls of residents; you will take part in one of the ten subject strands available and enjoy social events hosted by the university. The summer school is entirely FREE, including all accommodation, food and drink, as well as social activities and equipment. Teesside will also look at providing some sort of travel contribution to and from the university. Students are welcome to apply for this opportunity via the following link -<http://www.tees.ac.uk/summerschool/> where they can download a form and return to Will Jones.

Year Twelve: Teesside University Open Days

Teesside University will be holding an undergraduate open day between 9:00 and 15:00 on Saturday 17 June. This is a great opportunity for current Y12 students to have a look around the university campus, speak to academic staff, attend subject talks, undertake facilities and accommodation tours and speak to central departments such as the Student Union (SU), student finance, student service and so on before beginning UCAS applications over the holiday. Students can book a place online at www.tees.ac.uk/opendays.

Medicine:

Year Twelve: National Medic Mentor Weekend

On Saturday/Sunday 1 and 2 July, the National Medic Mentor Weekend will be taking place at 36 locations across the UK. It is a highly valuable opportunity to network with a variety of health care professionals, to learn about work experience opportunities and how to make a successful application to university.

Registration is £25 for the Saturday conference and there is an optional UCAS lecture available on Sunday for each specialty. Some students are eligible to attend for free based on criteria provided on the website.

Students can register on the Medic Mentor website and find out more about the events here: <http://medicmentor.co.uk/about/events-2/>

All proceeds from the weekend will be used to support our UK's healthcare students with scholarships, elective bursaries, free training and educational initiatives.

Year Twelve: Sunderland Pharmacy School

A reminder to those interested in Pharmacy or a Chemistry based career to see Miss Navey about a taster day.

Law

Both Years: **The Lawyer Portal**

[The Lawyer Portal](#) is the comprehensive new resource for aspiring legal professionals - written by qualified lawyers, with contributions from world-leading law firms.

It is in official partnership with the Bar Council and the Chartered Institute of Legal Executives, and features content from Freshfields, Hogan Lovells, Dentons, Penningtons, Simmons & Simmons and more!

This should provide an encompassing definitive and trustworthy resource, endorsed by the key names within legal careers, for students, teachers and parents.

Please look at <https://www.thelawyerportal.com/> to begin making use of all the free resources and interactive learning tools.
